PREFACE This is the First Edition of Experiments in Materials Science and Engineering. The principal idea behind this textbook arose from the need to consolidate experimental laboratory procedures

### **Experiments in Materials Science and Engineering**

Professor Norton has over 50 years experience in the design and analysis of mechanical dynamic systems with an emphasis on high-speed machinery. His expertise includes linkage and cam design, vibrations, and machine design located in Norfolk, MA

### **Norton Associates Engineering: Design of Machinery**

The eighth edition of this best selling text continues to help senior and graduate students in engineering, business, and statistics-as well as working practitioners-to design and analyze experiments for improving the quality, efficiency and performance of working systems.
